

## Site Visit on the Water Supply Project implemented by JICA

On March 8, 2018, H.E Mr. Hidenao Yanagi, Ambassador of Japan visited Tafilah for signing Grant Contract of Grant Assistance for Grass-roots Human Security Projects (GGP), and seizing the opportunity, the ambassador accompanied by the representative and Water Specialist of JICA Jordan office visited Water Authority of Jordan (WAJ) Tafilah office, and he was briefed by the representative of WAJ Tafilah office on the outcome of the project titled “Rehabilitation and Improvement of Water Facilities in Tafieleh Governorate” in 2013. Under the project, construction and renovation of water facilities, such as water reservoirs, pumping stations and water supply network, were completed.

The representative of WAJ Tafilah office explained that the quality and quantity of the water for the 55,000 residences and the energy efficiency for the water distribution were improved as the result of the project. During the site visit, the representative of WAJ Tafilah office expressed his appreciation for Japan and the expectation for the further assistance from the Government of Japan.

Water reservoir constructed by the project

Pumping station renovated by the project
