

The New Contribution to WFP Jordan Office

In February 2020, Government of Japan has decided to allocate approximately 163 million US dollars to the WFP Jordan for the implementation of the project titled “Strengthening national emergency preparedness and response and resilience-building to address food insecurity of refugees and vulnerable Jordanians” and by the supplementary budget of FY 2019. With the new assistance from Japan, WFP will provide trainings for emergency response to government officials, supports for nutrition-sensitive school feeding programme and livelihood supports in both urban and rural settings.

12 March 2020, Ambassador Mr. YANAGI Hidenao has a meeting with Ms. Sarah GORDON-GIBSON, WFP Representative in Jordan, in the occasion of launching the project. Ms. GORDON-GIBSON explained about “Jordan Country Strategy Plan (2020-2022)” as well as details of the WFP project in Jordan, and expressed her appreciation for the partnership between Japan and WFP, and Japan’s long-standing commitment to support activities of WFP.
