

The 12th Congress of INWRDAM and the 6th International Symposium on Flash Floods in Wadi System

On 26 September 2021, Mr. SHIMAZAKI Kaoru, Ambassador of Japan to Jordan attended the 12th Congress of Inter-Islamic Network on Water Resources and Management (INWRDAM) and the 6th International Symposium on Flash Floods in Wadi System organized by INWRDAM, Kyoto University and Petra Development Tourism Regional Agency.

In his opening remarks, Ambassador SHIMAZAKI introduced some examples of efforts on flood countermeasures by municipalities in Japan, referring to the flash flood which struck the Petra region in November 2018. Ambassador SHIMAZAKI also introduced the ongoing Japanese technical cooperation “The Project for Formulating Tourism Development Master Plan in Petra Region”, hoping that Japanese assistance will contribute to the further development and prosperity of the Petra region
